

General Meeting: Tuesday, April 11th

Where: Front Street Civic Center, 2205 Front St, Melbourne, FL 32901

Time: Social Time: 6:30 pm and Meeting Starts at 7:00 pm

Guest Speaker: Bill Coppage from Jacked Up Fishing - Talking Tuna

Bill Coppage was born and raised in Daytona Beach, Florida. Growing up fishing and being on the water is his passion, and he tries to pass it on to his kids and future generations. He started on YouTube so the kids would be involved in something really fun and have the opportunity to meet other cool people who share the same passion for fishing and the outdoors. Of course Bill will talk about fishing all over for all different types of species as well as instructional techniques for tackle and equipment that he uses. However, his discussion will also include boat maintenance and upgrades to help viewers fix normal everyday things that commonly fail due to saltwater use. Please subscribe to @JackedUpFishing on YouTube to get all the new videos when they are released. You can also connect with Bill on Social Media at:
